

\$567 GIVEN ON FIRST DAY OF RELIEF DRIVE

University's Quota of \$900 Apportioned Among Men, Women and Faculty.

WILL CANVASS TOWN

Committees of School Districts Named by Kelly Wright.

Five hundred and sixty-seven dollars was received yesterday in donations to the Syrian-Armenian Relief Fund by women solicitors at the Columbia banks. Today is also a volunteer day. Active canvassing of the town will follow.

The University's quota has been set at \$900. Dr. W. A. Tarr, Prof. J. E. Wrench and Miss Mary Adeline McKibbin, who compose the University committee, have set the apportionment at \$450 for the faculty, \$300 for the University men and \$150 for the University women. Doctor Tarr will be in charge of contributions from the men, Miss McKibbin from the women, and Professor Wrench from the faculty.

The committees to take charge of the campaign in the county outside of Columbia have been appointed by J. Kelly Wright, chairman of the school district committee. Other members of this committee are Emmett McDonnell, Dr. J. B. Cole, S. M. Stevinson, and the Rev. S. F. Taylor.

The districts and their committees follow:

Browns, Frank Prather and W. A. Bright.

Zaring, Emmett Maxwell and W. C. Beaven.

Grindstone, Frank Hall.

Bethel, Nat Dodd.

Vawter, Norton H. Shepard.

Via, F. B. Scott.

Banks, T. H. Armstrong.

Keene, W. H. Thompson and J. E. Bedford.

Dry Ridge, E. R. Rippets and J. W. Proctor, Jr.

Prospect, T. E. Adkins and John E. Crane.

The county campaign committee has made arrangements to have an Armenian violinist, Haig Gudenian, give a concert here tomorrow evening.

Mr. Gudenian is a native of Constantinople and has given concerts all through the East in Egypt, the Caucasus, Turkey, Bulgaria, Rumania and in the leading cities of Europe.

He has spent years of study under Cesar Thompson and Otakar Sebek. The latter was the teacher of Kubelik, the violinist.

It is said of Mr. Gudenian that he is the only oriental violinist who is able to give any adequate interpretation of the mystical fire and passion of the Orient.

His program is as follows:

1. Armenian.

a. "Miserere" Gudenian Dubois

b. "Cradle Song" Gudenian

c. "Dance" Gudenian Brockway

2.

a. "Tambourin" Leclair

b. "Gavotte" Gossec

c. "Filleses" Hubay

In the "Miserere" the violin represents the solo singer and the piano the chorus. The Armenian nation, almost exterminated, prays for the salvation of the whole world.

"Cradle Song" portrays the voice of mother who is trying to lure to sleep, not her child, but her own sorrows.

The third number, the dance, is wholly original in form. It is the dance of the Armenian peasants, showing their vitality and good humor.

Thomas Dix of St. Louis will accompany Mr. Gudenian and will talk at the concert upon the Syrian-Armenian situation and the Relief Campaign.

Miss Catherine Tomy, a teacher at Jefferson School, returned today after a three-week leave of absence on account of illness. Miss Ruby Patty, teacher at Grant School, is ill at her home.

The Kansas City Court of Appeals yesterday decided two cases, appealed from the Boone County Circuit Court. The Circuit Court decided in favor of the plaintiff and the decision is upheld by the higher court.

The other case was that of Miss Bina Hutsell against the Washab railroad for frightening and injuring her horse at night. Miss Hutsell claimed that her horse was frightened by a train on the Columbia branch, and that he ran into a fence. The horse's back was broken. She recovered damages in the Circuit Court and the judgment is sustained by the higher court.

STUDENT HOME WILL BE READY BY SEPT. 1

Catholic Institution Will Probably Cost \$55,000, Says Tehan.

PLANS COMPLETED

To Be Non-Sectarian—Convenience and Comfort Key-note of Place.

The final plans for the Student Catholic home were completed at a meeting held in St. Louis last week. Luke Hart, state deputy of the Knights of Columbus, John T. Nugent, state secretary, W. L. Hagar, state treasurer, S. Sammelman, the Rev. Father T. J. Lloyd, former pastor of Columbia and J. R. Tehan of Columbia attended this meeting.

Five months are allowed for the construction of the building and it is believed that it will be done by September 1.

The first floor will have a large dining and reception room, a library and billiard parlor. There will also be an auditorium seating about 500 people, women's parlors and manager's office.

The second floor will have twelve student living rooms with adjoining baths. These baths will cost \$400 apiece.

The third floor will have living quarters like the second.

"It was thought when the plans were first made that the cost of the building would be about \$40,000, but when things were thought over and completed we found it would cost from \$50,000 to \$55,000," said John Tehan this morning. Forty thousand of this amount has been paid, leaving about \$15,000 yet to be raised.

P. J. Bradshaw of St. Louis is the architect of the building. He will come with Luke Hart to Columbia within the next ten days.

The building will be erected on the corner of Bass and College avenues, and will be of brick. The students home will be non-sectarian, and conducted on the same plan as the Knights of Columbus war activities—"everybody welcome."

The success of the movement for a new building is due much to the efforts of Mr. Hart of St. Louis, state deputy of the Knights, a former student in the University. He has raised \$25,000 of the money needed and is assured that \$15,000 more will be raised by September 1. This, with the \$15,000 already on hand, will mean that the building will be erected free of debt.

LIEUT. SIDNEY ROLLINS HOME

Real Sport to See Air Bomb "Splash" Below, He Says.

"It was real sport to be flying at a height of forty-five hundred meters and let loose a bomb, then watch it 'splash' on the town beneath you," said Sidney Rollins, who returned to Columbia today from France. He landed in New York a week ago last Sunday and was discharged.

"To watch the large guns 'pop' below was a beautiful sight," he continued. "In a bombing expedition there were always from twelve to fifteen machines in the squadron—never less than six were allowed to cross the lines in formation."

Mr. Rollins was commissioned a first lieutenant.

He was a member of a bombing squadron in the St. Mihiel sector.

CONFERENCE FAVORS EVACUATION OF RUSSIA

British and American Troops to Be Withdrawn as Soon as Practicable.

OPPOSED BY FRENCH

Proposed Joint Conference at Prinkipos Is Doubtful.

BY FRED S. FERGUSON

(United Press Staff Correspondent)

PARIS, Feb. 18.—The Associated Powers today were apparently completely at sea regarding the Russian policy. Although the Supreme War Council has reopened the question, it is understood that no progress has been made toward a definite solution.

The one thing that seemed certain was that the British and American troops will be withdrawn from Northern Russia as soon as practicable. While it is possible that his may not be accomplished before the ice breaks up in the spring, it was said that steps are being taken to facilitate evacuation. This policy apparently will be adhered to in the face of the renewed efforts by the French to obtain armed intervention on a large scale.

It was still doubtful today whether the proposed joint conference originally scheduled for Saturday at Prinkipos will go through. A decision on this is expected within a few days.

Peace Decision to Wait on Wilson.

By ED L. KEEN

(United Press Staff Correspondent)

PARIS, Feb. 18.—The peace conference is expected to mark time until President Wilson returns from his brief furlough in the United States.

While the foundation for the peace settlement has been firmly laid the conferees realize that the structure cannot be completed without the guidance of the spokesman of the people totally disinterested in European affairs. Work on the details of the various problems will continue during the President's absence, but it is understood that no momentous decisions will be made until he again takes his seat at the peace table probably the middle of next month.

The peace conference formally was opened a month ago today.

In that month events moved faster than even the most sanguine delegates believed possible. Yet there are many problems of which the conference has barely scratched the surface. In the solution of these, the conference will be confronted by overlapping and conflicting claims necessitating the presence of an international umpire, for which office President Wilson is admitted by the conferees themselves and the European people as well to have qualified.

URNS DOWN WILSON

Borah Won't Attend President's Dinner to Discuss League.

By L. C. MARTIN

(United Press Staff Correspondent)

WASHINGTON, Feb. 18.—Senator Borah today declined President Wilson's invitation to dine at the White House and to discuss the League of Nations. He based his declination on two points. First, that he and President Wilson are fundamentally at odds regarding any League of Nations' plan; and second, that he could not allow himself to be bound by confidential discussions, no part of which he could use later in arguments or public discussion.

After a conference with other opponents of the league Senator Poindexter today decided to postpone his speech attacking the league until tomorrow. He gave notice in the Senate that he would take the floor at the first opportunity tomorrow.

Senator Borah who was ready to speak today said he probably would wait until after Poindexter's speech.

David R. Francis, ambassador to Russia, sailed for the United States Monday on the liner George Washington, on which President Wilson is returning home. Mr. Francis is former governor of the state and now president of the Board of Curators of the University of Missouri.

It is said that Mr. Francis may appear to tell his story before the Senate committee studying Bolshevism. Whether he appears before this committee depends on State Department action.

Immediately after the dinner there will be a public memorial meeting in the University Auditorium at which the county service bag will be presented.

POLITICIANS PREVENT ARMISTICE REFUSAL

German Party Leaders Persuade Cabinet to Accept New Conditions.

MINISTER RESIGNS

Allies to Protect Germany From Aggression by Poles.

BY FRANK J. TAYLOR

(United Press Staff Correspondent)

WEIMAR, Feb. 17.—Intervention by German party leaders was all that prevented the armistice from being broken off at the last minute, it was revealed today. The cabinet had decided it was impossible to accept the new conditions and only changed its attitude after strong representation by the political spokesmen of the German people.

After determining that the terms were too drastic, the cabinet resolved to call in party leaders for indorsement of its position before definitely ordering Erzberger, chairman of the armistice commission, not to sign the renewal. The politicians, however, took an opposite view and eventually succeeded in persuading the cabinet members to reverse their decision.

Foreign Minister Brockdorf-Rantzau resigned thereupon, but later decided to remain if the government rather than he personally should "take the responsibility for the consequences." The order to sign was sent to Erzberger after 4 o'clock Sunday afternoon.

It is understood that it was received only a few minutes before the time set by Marshal Foch for acceptance or refusal—6 o'clock. Erzberger is said to have determined on his own responsibility that he would not sign the extension unless expressly ordered to do so.

The entire session of the national assembly tomorrow will be devoted to discussion of the armistice.

BY FRED S. FERGUSON

(United Press Staff Correspondent)

PARIS, Feb. 18.—The allied commissioners designated to formulate additional armistice conditions have practically completed their work, it was learned today.

The armistice renewal signed Sunday is essentially provisional and a definite agreement containing additional military and naval terms will be submitted as soon as the commissioners finish their task. It was stated today that Marshal Foch may be able to communicate the additional terms to the Germans within a week.

Germany, rendered impotent by the new military regulations, will be protected by the Allies from outside aggression. Marshal Foch sent a telegram to Warsaw today forbidding the Poles attacking German territory.

The terms which Germany accepted Sunday and will be compelled to observe combine to fix her military and naval status not only as a defeated power but necessitate re-organization of the remnant of her war machine under the rules of the League of Nations.

They are understood to include destruction of all submarines, limitation of the output of the Krupp works in accordance with the league's idea and disarmament of Helgoland and Kiel Canal at least to within the status fixed by the league.

Even more radical plans have been advanced such as a complete destruction of German's fortifications, but no decision has been reached on this by the Supreme War Council.

SELECTED CHAIRMAN HESITATES

Mitchell May Be Unable to Accept Position in New Campaign.

John T. Mitchell, president of the Bank of Centralia, who has been selected by the bankers of Boone County as chairman of the Fifth Liberty Loan, says that he probably will be unable to accept the position because of his recent illness. Mr. Mitchell believes that he is in no physical condition to conduct the campaign and that he could not afford to jeopardize his health by accepting the position. Mr. Mitchell was operated on several months ago for appendicitis. Later he had an attack of influenza.

The bankers of Columbia are insistent that Mr. Mitchell accept this position and do not yet consider that he has absolutely refused. H. H. Banks, chairman of the Fourth Liberty Loan, says that Mr. Mitchell is the logical man for the position and that he would be glad to learn that he had accepted.
